

JUNIOR ACADEMY

Parent Information Sheet

Thank you for your interest in the Power2ADAPT Junior Academy. This sheet answers the questions most parents ask before signing up — please read it before completing the registration form.

WHAT IS THE JUNIOR ACADEMY?

The Power2ADAPT Junior Academy is an in-person athletic development programme for young athletes aged 12–16, designed for multi-sport athletes who want to build the physical foundations that make them better at every sport they play — not just one.

Sessions run up to twice per week and focus on movement quality, speed, strength, and athletic confidence — skills that transfer across all sports and carry athletes forward as they grow.

WHAT'S INCLUDED IN EVERY MEMBERSHIP

- Up to 2 in-person coaching sessions per week
- A personalised training programme loaded into Final Surge (free app)
- Session notes and athlete feedback after every session
- Regular progress updates shared with parents
- Coach availability for questions between sessions

WHO IS IT FOR?

The Junior Academy is for young athletes aged 12–16 who compete in any sport — or multiple sports. Footballers, swimmers, rugby players, gymnasts, runners — any discipline is welcome. Your child does not need to be elite, just willing to work, open to coaching, and ready to improve.

OUR PHILOSOPHY

Broad, fun, and confidence-building. We do not specialise too early, push volume over quality, or sacrifice enjoyment for short-term gains.

OUR APPROACH

Every programme is built around school and sport commitments. Coached in person by Alistair Tait (Level 4 High Performance Coach) and supported through Final Surge.

WHAT DOES IT COST?

The Junior Academy is offered at two levels. Both include full access to the Final Surge coaching platform.

\$100

+GST per month

STARTER — 1 SESSION / WEEK

✓ 1 in-person session per week ✓ Personalised Final Surge programme ✓ Session notes & coach feedback ✓ Regular parent progress updates ✓ Coach messaging access

\$200

+GST per month

PERFORMANCE — 2 SESSIONS / WEEK

✓ 2 in-person sessions per week ✓ Personalised Final Surge programme ✓ Session notes & coach feedback ✓ Regular parent progress updates ✓ Coach messaging access ✓ Faster development through increased frequency

All prices in Australian dollars, excluding GST.

WHAT TO EXPECT IN THE FIRST FEW WEEKS

The first two to three weeks focus on assessment, relationship-building, and establishing good habits — not testing or pushing to exhaustion.

Week 1: Introduction session — baseline movement assessment and building confidence with the environment and coach.

Weeks 2–3: Personalised programme begins. Focus on movement quality over intensity.

Week 4+: Progressive loading begins as the foundation is established. Regular check-ins ensure the programme stays appropriate.

PARENT INVOLVEMENT

What we ask of parents	Why it matters
Complete the registration form in full including all health and medical information	Enables safe programming and appropriate responses in any situation
Communicate any changes to health, injury, or schedule promptly	Allows programme adjustments before problems arise
Encourage consistency — sessions missed are progress lost	Adaptation happens over weeks and months, not individual sessions
Trust the process and let your child be coached	Conflicting instructions confuse athletes and slow their development
Share post-session updates with your athlete	Reinforces learning and builds athlete ownership of their development

COMMON QUESTIONS

My child plays multiple sports. Will this clash with their other commitments?

No — we work around your child's full sporting calendar. All existing commitments are mapped during onboarding and the Power2ADAPT programme is built to complement them.

How fit does my child need to be to join?

Any level of fitness is welcome. The programme starts from wherever your child is right now — no previous structured training required.

What happens if my child gets injured during another sport?

Please tell us immediately. We will modify or pause the programme and communicate directly with you about returning to full training. We do not train athletes through unresolved injury.

How will I know if my child is progressing?

You will receive regular progress updates from the coach and can follow the programme in real time through the Final Surge app.

Can I watch sessions?

Yes, parents are welcome to observe. We only ask that you let the coaching session run without intervention — feedback is most effective when delivered by one voice.

What is the photo and content consent policy?

We may photograph or film sessions for coaching purposes. You will be asked about this during registration and your preference will be respected.

HOW TO SIGN UP

1

Apply via [power2adapt.online](https://www.power2adapt.online)

Complete the short application form so we can understand your child's sporting background and goals.

2

We'll be in touch within 48 hours

Alistair will review the application, confirm a place, and answer any questions.

3

Registration link

Once accepted, you'll receive a Final Surge registration link. The onboarding form takes approximately 10 minutes.

4

Programme begins

Alistair builds the personalised programme and your child starts within the agreed timeframe.

READY TO APPLY?

Visit www.power2adapt.online to submit your child's application.
